COMMENTS:

The information was not presented clearly since there was too much to cover in an hour and 20 minutes so he went too fast over it, and when one student responds, he assumes we all do understand.

I wish the final project was designed in a way to give us some freedom to choose one that is relevant to our interests, rather than creating a highly constrained problem set. I wish he could create a safer environment for questions.

COMMENTS:

Dr. Braver was an amazing professor with a good deal of knowledge he was eager to pass to the students. Everything was explained clearly, and he was always available for questions. He was willing to help us when we needed it or asked for it and recognized how much effort we put into this course. I recommend his courses to any of my friends and colleagues. Way to go, Dr. Braver!
