	Question: Comments instructor or course
Braver	My favorite course of the semester by far! Thank you.
Braver	Great class
Braver	I really appreciate Dr. Braver in his teachings, and he has an excellent intellect, which made the class interesting. Never change, man.
Braver	Dr. Braver is an amazing professor, seriously. He made a class that I wasn't at all interested in exciting and was very good with class discussions and assignment feedback. Probably top 2 professors I have had at Texas Tech.
Braver	This class was very much fun, one of the ones I looked most forward to.
Braver	Prof. Braver was amazing and truly has such a deep knowledge of linguistics. This class had real-world applications that is incredibly unique and valuable in comparison to the often abstract classes that are offered here. He also does an amazing job of conducting discussions and making sure they don't get off track which is not an easy task. I would absolutely take this class again.
Braver	Dr. Braver was a good instructor, very nice and very supportive. The research paper at the end of the semester was nice; it's rare to see a research project at this level and it was a nice learning experience to help tackle the rather intimidating process of research in a relatively low-pressure environment (compared to an upper level course.)
Braver	Great instructor!
