	<b>Question: Comments instructor or course</b>
Braver	Professor Braver is a well rounded and engaging teacher. He seems to make even the most dry subjects bearable. I would most certainly recommend him to another student.
Braver	Words cannot explain how grateful I am to Professor Braver. He is an excellent lecturer, mentor, and person in general. He made learning a topic that was new to me absolutely fun and enjoyable. He is also very understanding when it comes to personal conflicts outside of class that may conflict with his assignments.
Braver	Good course, good professor.
Braver	I loved it
Braver	I enjoyed taking this class, instructor explained well.
Braver	I did not expect to like this class and it was one of my favorites. It was really informative and I learned a lot about language. I liked the videos that were shown because it gave us a better representation of what we were discussing. Overall fun class. Dr. Braver is really nice and really understanding greta layout for the class.
Braver	I like the way the material was presented and how the class was run. I thought the homework assignments were good ways to test how well the students learned the material. I also enjoyed how much class participation was asked for. The only constructive criticism I have is that sometimes the class would go to fast and it was hard to take efficient notes.
