	Question: Comments instructor or course
Braver	This has been one of my favorite courses. It answered many questions that Ive had about language and now I feel more confident about language as a whole. Dr. Braver was very knowledgeable about the field and I was thankful to have him in this class. One of the best courses Ive ever taken.
Braver	Dr. Braver is an excellent professor in every way. I learned so much in his class. Dr. Braver went above and beyond the call of duty when it came to helping students. A few times I needed help with the subject matter, and he was always willing to help and make time. He even made time to help me outside of classroom time and office hours once, and that meant a lot. He is truly an expert on what he teaches and is great at explaining things and breaking it down. He is one of the very best professors in all of TTU.
Braver	He was extremely helpful and accommodating when I was dealing with losing a loved one and grieving. I am incredibly thankful for his grace as the bereavement process took a heavy toll on me and my work, but he was there for me. He worked with me and my situation and was a joy to have as a professor. I loved taking his course! Thank you!
Braver	Dr. Braver is great. He teaches us a LOT without making the course an unnecessarily difficult and stressful experience.
Braver	Although I had heard good things about the course beforehand, I initially took it as it counts for one half of a language requirement. However, this course was much better than most literature courses I have taken during my program. Im not a linguistic student, but I found that this course was very accessible to me. The course design is great, and it really is useful to get such an introductory oversight of these different aspects of linguistics. The teaching is engaging, and at no point was anyone bored. The homework is pretty easy, yet still feels like something is completed. Ive gained a lot of practical knowledge from this class that I would not have otherwise, and I dont think I can say that for many classes that I have taken.
Braver	Im no linguist, but I actually feel like I learned some things in this course—real, tangible (er, well... relatively tangible) approaches to language! Thanks, Dr. Braver.
Braver	Dr. Braver is a caring instructor. He makes sure that he addresses the individual needs of his students.
